Welcome to the Medicare & Medicaid EHR Incentive Program Registration & Attestation System

About This Site

The Medicare and Medicaid Electronic Health Records (EHR) incentive programs will provide incentive payments to eligible professionals and eligible hospitals as they demonstrate adoption, implementation, upgrading, or meaningful use of certified EHR technology. These incentive programs are designed to support providers in this period of Health IT transition and instill the use of EHRs in meaningful ways to help our nation to improve the quality, safety, and efficiency of patient health care.

This web system is for the Medicare and Medicaid EHR incentive programs. Those wanting to take part in the program will use this system to register and participate in the program.

Eligible to Participate – There are two types of groups who can participate in the programs. For detailed information, visit the <u>CMS website</u>.

Eligible Hospitals

Medicare Eligible Hospitals include:

- Subsection (d) hospitals in the 50 states or DC that are paid under the hospital inpatient prospective payment system. Hospitals in Maryland may also participate per law.
- Critical Access Hospitals (CAHs)

Medicaid Eligible Hospitals include:

- Acute Care Hospitals with at least 10% Medicaid patient volume. May include CAHs and cancer hospitals.
- Children's Hospitals
- **Eligible Professionals (EPs)**

Welcome to the Medicare & Medicaid EHR Incentive Program Registration & Attestation System

About This Site

The Medicare and Medicaid Electronic Health Records (EHR) incentive programs will provide incentive payments to eligible professionals and eliqible hospitals as they demonstrate adoption, implementation, upgrading, or meaningful use of certified EHR technology. These incentive programs are designed to support providers in this period of Health IT transition and instill the use of EHRs in meaningful ways to help our nation to improve the quality, safety, and efficiency of patient health care.

This web system is for the Medicare and Medicaid EHR incentive programs. Those wanting to take part in the program will use this system to register and participate in the program.

Eligible to Participate – There are two types of groups who can participate in the programs. For detailed information, visit the CMS website.

Eligible Hospitals

Eligible Professionals (EPs)

Medicare EPs include:

- Doctors of Medicine or Osteopathy
- Doctors of Dental Surgery or Dental Medicine
- **Doctors of Podiatric Medicine**
- **Doctors of Optometry**
- Chiropractors

Medicaid EPs include:

- Physicians
- **Nurse Practitioners**
- Certified Nurse-Midwife
- Physicians Assistants who practice in a Federally Qualified Health Center (FQHC) or Rural Health Center (RHC) that is led by a Physician Assistant

Further, Medicaid EPs must also:

- Have a minimum of 30% Medicaid patient volume (20% minimum for pediatricians), OR
- Practice predominantly in a FQHC or RHC and have at least 30% patient volume to needy individuals

NOTE: EPs may NOT be hospital-based. This is defined as any provider who furnishes 90% or more of their services in a hospital setting (inpatient or emergency room).

Notifications

Welcome to the Medicare & Medicaid EHR Incentive Program Registration & Attestation System.

For Medicare EHR incentive program participants, you will need to demonstrate meaningful use of certified EHR technology.

For Medicaid EHR incentive program participants, you will need to demonstrate adoption, implementation, upgrading, or meaningful use of certified EHR technology in your first year and demonstrate meaningful use for the remaining years in the program. Attestation for Medicaid occurs through your State Medicaid Agency.

Instructions

Select any tab to continue.

Registration Tab

Please select the Registration tab above to perform any of the following actions:

- Register for the Incentive Program
- Continue Incomplete Registration
- Modify Existing Registration
- Resubmit a Registration that was previously deemed ineligible
- Reactivate a Registration
- Switch Incentive Programs (Medicare/Medicaid)
- Switch Medicaid State
- Cancel participation in the Incentive Program

Attestation Tab

Please select the Attestation tab above to perform any of the following actions: Medicare

- Attest for the Incentive Program
- Continue Incomplete Attestation
- Modify Existing Attestation
- Discontinue Attestation
- Resubmit Failed or Rejected Attestation
- Reactivate Cancelled Attestation

Note: Attestation for the Medicaid incentive program occurs at the State Medicaid Agency.

Status tab

Please select the Status tab above to perform the following actions:

View current status of Registration(s), Attestation(s), and Payment(s) for the Incentive Program

Account Management Tab

Please select the Account Management tab above to perform the following actions:

- Update your user account information
- Request access to organizations
- Remove access to organizations

Medicare Attestation Instructions

Welcome to the Medicare Attestation Page. Medicare providers must attest using this system. Attestation for the Medicaid incentive program occurs at the State Medicaid Agency. If you want to change your incentive program designation, select the Registration tab.

For information on the meaningful use requirements for attestation, please visit the Meaningful Use Information page 🗂

Depending on the current status of your attestation, please select one of the following actions:

Attest Begin Medicare attestation to meaningful use of EHR technology

Modify Modify a previously started Medicare attestation that has not yet been submitted

Cancel Inactivate a Medicare attestation prior to being accepted

Resubmit Resubmit a failed or rejected Medicare attestation

Reactivate Reactivate a cancelled Medicare attestation

Review the Medicare attestation summary of measures after submission View

Not Available In order to begin, modify, cancel, resubmit, or reactive a Medicare Attestation record, the EHR Incentive Program Registration

associated to the Medicare Attestation record must have a Medicare Registration Status of "Active". Please verify that the

registration is in the correct status.

Medicare Attestation Selection

Identify the desired Medicare attestation and select the Action you would like to perform. Please note only one Action can be performed at a time on this page.

Meaningful Use Menu Measures

Questionnaire

Instructions:

Eligible hospitals must report on a total of five (5) Meaningful Use Menu Measures. At least one of the five measures must be from the public health menu measures. Should the eligible hospital be able to successfully meet only one of these public health menu measures, the eligible hospital must select and report on that measure to CMS. Having met one public health menu measure, the eligible hospital must then select any other four measures from the Meaningful Use Menu Measures. In selecting the remaining four measures, the eligible hospital may select any combination from the remaining public health menu measures or from the additional Meaningful Use Menu Measures in the list below.

If an eligible hospital meets the criteria for and can claim an exclusion for all of the public health menu measures, they must still select one public health menu measure and attest that they qualify for the exclusion. They must then select any other four measures from the menu measures, which can be any combination from the remaining public health menu measures or from the additional Meaningful Use Menu Measures in the list below. CMS encourages eligible hospitals to select menu measures on which they can report and to claim an exclusion for a menu measure only in cases where there are no remaining menu measures for which they qualify or if there are no remaining menu measures on which they are able to report.

You must submit at least one Meaningful Use Menu Measure from the public health list even if an Exclusion is applied:

<u>Objective</u>	<u>Measure</u>	<u>Select</u>
Capability to submit electronic data to immunization registries or immunization information systems and actual submission according to applicable law and practice.	Performed at least one test of certified EHR technology's capacity to submit electronic data to immunization registries and follow up submission if the test is successful (unless none of the immunization registries to which the eligible hospital or CAH submits such information has the capacity to receive the information electronically).	Ø
Capability to submit electronic data on reportable (as required by State or local law) lab results to public health agencies and actual submission in accordance with applicable law and practice.	Performed at least one test of certified EHR technology's capacity to submit electronic data to immunization registries and follow up submission if the test is successful (unless none of the immunization registries to which the eligible hospital or CAH submits such information has the capacity to receive the information electronically).	· 🗹
Capability to submit electronic syndromic surveillance data to public health agencies and actual submission in accordance with applicable law and practice.	Performed at least one test of certified EHR technology capacity to provide electronic submission of reportable lab results to public health agencies and follow-up submission if the test is successful (unless none of the public health agencies to which eligible hospital or CAH submits such information have the capacity to receive the information electronically).	Ø

You must submit additional menu measure objectives until a total of five Meaningful Use Menu Measure Objectives have been selected, even if an Exclusion applies to all of the menu measure objectives that are selected (total of five includes the nublic health many measure chiestives)

the public health menu measure objectives):		
<u>Objective</u>	<u>Measure</u>	<u>Select</u>
Implemented drug-formulary checks.	The eligible hospital or CAH has enabled this functionality and has access to at least one internal or external drug formulary for the entire EHR reporting period.	
Record advance directives for patients 65 years old or older.	More than 50% of all unique patients 65 years old or older admitted to the eligible hospital's or CAH's inpatient department (POS 21) have an indication of an advance directive status recorded as structured data.	
Incorporate clinical lab-test results into certified EHR as structured data.	More than 40% of all clinical lab tests results ordered by an authorized provider of the eligible hospital or CAH for patients admitted to its inpatient or emergency department (POS 21 or 23) during the EHR reporting period whose results are either in a positive/ negative or numerical format are incorporated in certified EHR technology as structured data.	
Generate lists of patients by specific conditions to use for quality improvements, reduction of disparities, research, or outreach.	Generate at least one report listing patients of the eligible hospital or CAH with a specific condition.	
Use certified EHR technology to identify patient- specific education resources and provide those resources to the patient if appropriate.	More than 10% of all unique patients admitted to the eligible hospital's or CAH's inpatient or emergency department [Place of Service (POS) 21 or 23] during the EHR reporting period are provided patient-specific education resources	

Continued on next page...

Page 20 (Part 1)

The eligible hospital or CAH who receives a patient from another setting of care or provider of care or believes an encounter is relevant should perform medication reconciliation.	The eligible hospital or CAH performs medication reconciliation for more than 50% of transitions of care in which the patient is admitted to the eligible hospital's or CAH's inpatient or emergency department (POS 21 or 23).	
The eligible hospital or CAH that transitions their patient to another setting of care or provider of care or refers their patient to another provider of care should provide summary of care record for each transition of care or referral.	The eligible hospital or CAH that transitions or refers their patient to another setting of care or provider of care provides a summary of care record for more than 50% of transitions of care and referrals.	Ø

	Summary	of Measures
--	---------	-------------

Meaningful Use Core Measure List Table			
Objective	<u>Measure</u>	<u>Entered</u>	<u>Select</u>
Use computerized physician order entry (CPOE) for medication orders directly entered by any licensed nealthcare professional who can enter orders into the medical ecord per state, local and professional guidelines.	More than 30% of all unique patients with at least one medication in their medication list admitted to the eligible hospital's or CAH's inpatient or emergency department (POS 21 or 23) have at least one medication order entered using CPOE.	Numerator = 50 Denominator = 100	EDIT
implement drug-drug and drug-allergy interaction checks	The eligible hospital or CAH has enabled this functionality for the entire EHR reporting period.	Yes	EDIT
Naintain an up-to-date problem list of current and active diagnoses.	More than 80% of all unique patients admitted to the eligible hospital's or CAH's inpatient or emergency department (POS 21 or 23) have at least one entry or an indication that no problems are known for the patient recorded as structured data.	Numerator = 25 Denominator = 100	EDIT
Maintain active medication list.	More than 80% of all unique patients admitted to the eligible hospital's or CAH's inpatient or emergency department (POS 21 or 23) have at least one entry (or an indication that the patient is not currently prescribed any medication) recorded as structured data.	Numerator = 75 Denominator = 100	EDIT
Maintain active medication allergy list.	More than 80% of all unique patients admitted to the eligible hospital's or CAH's inpatient or emergency department (POS 21 or 23) have at least one entry (or an indication that the patient has no known medication allergies) recorded as structured data.	Numerator = 75 Denominator = 100	EDIT
Record all of the following demographics: Preferred language Gender Race Ethnicity Date of birth Date and preliminary cause of death in the event of mortality in the hospital or CAH	More than 50% of all unique patients seen by the EP or admitted to the eligible hospital's or CAH's inpatient or emergency department (POS 21 or 23) have demographics recorded as structured data.	Numerator = 10 Denominator = 100	EDIT
Record and chart changes in vital signs: Height Weight Blood pressure Calculate and display body mass index (BMI) Plot and display growth charts for children 2-20 years, including BMI.	For more than 50% of all unique patients age 2 and over admitted to eligible hospital's or CAH's inpatient or emergency department (POS 21 or 23), height, weight and blood pressure are recorded as structure data.	Numerator = 45 Denominator = 100	EDIT
Record smoking status for patients 13 years old or older	More than 50% of all unique patients 13 years old or older admitted to the eligible hospital's or CAH's inpatient or emergency department (POS 21 or 23) have smoking status recorded as structured data.	No	EDIT
Report hospital clinical quality measures to CMS or, in the case of Medicaid eligible hospitals, the States.	Provide aggregate numerator, denominator, and exclusions through attestation as discussed in section II(A)(3) of the final Rule.	Yes	EDIT
Implement one clinical decision support rule relevant to specialty or high clinical priority along with the ability to track compliance that rule.	Implement one clinical decision support rule.	No	EDIT
Provide patients with an electronic copy of their health information including diagnostic test results, problem list, medication lists, medication allergies), upon request.	More than 50% of all patients of the inpatient or emergency department of the eligible hospital or CAH (POS 21 or 23) who request an electronic copy of their health information are provided it within 3 business days.	No	EDIT
Provide patients with an electronic copy of their discharge nstructions at time of discharge, upon request.	More than 50% of all patients who are discharged from an eligible hospital or CAH's inpatient department or emergency department (POS 21 or 23) and who request an electronic copy of their discharge instructions are provided it.	Yes	EDIT
Capability to exchange key clinical information (for example, problem list, medication list, allergies, diagnostic test results), among providers of care and patient authorized entities electronically.	Performed at least one test of certified EHR technology's capacity to electronically exchange key clinical Information.	No	EDIT
Protect electronic health information created or maintained by the certified EHR technology through the implementation of appropriate technical capabilities.	Conduct or review a security risk analysis per 45 CFR 164.308 (a)(1) and implement security updates as necessary and correct identified security deficiencies as part of its risk management process.	Yes	EDIT

	tation Statements
You a	are about to submit your attestation for EHR Certification Number 0122119191.
	e check the box next to each statement below to attest, then select the AGREE button to complete attestation:
	The information submitted for CQMs was generated as output from an identified certified EHR technology.
	The information submitted is accurate to the knowledge and belief of the official submitting on behalf of the eligible hospital or CAH.
	The information submitted is accurate and complete for numerators, denominators, exclusions and measures applicable to the hospital or CAH.
	The information submitted includes information on all patients to whom the measure applies.
	For CQMs, a zero was reported in the denominator of a measure when an eligible hospital or CAH did not care for any patients in the denominator population during the EHR reporting period.
	Please select the DISAGREE button to go to the Home Page (your attestation will not be submitted), or the AGREE button to proceed with the attestation submission process.

Page 51 (Variation 1)

Note: The **AGREE** button will be grayed out (inactive) until the user selects all of the check boxes.

Attestation Disclaimer

General Notice

NOTICE: Any person who knowingly files a statement of claim containing any misrepresentation or any false, incomplete, or misleading information may be guilty of a criminal act punishable under law and may also be subject to civil penalties.

Signature of Hospital Representative

I certify that the foregoing information is true, accurate, and complete. I understand that the Medicare EHR Incentive Program payment I requested will be paid from Federal funds, that by filing this attestation I am submitting a claim for Federal funds, and that the use of any false claims, statements, or documents, or the concealment of a material fact used to obtain a Medicare EHR Incentive Program payment, may be prosecuted under applicable Federal or State criminal laws and may also be subject to civil penalties.

I hereby agree to keep such records as are necessary to demonstrate that I met all Medicare EHR Incentive Program requirements and to furnish those records to the Medicaid State Agency, Department of Health and Human Services, or contractor acting on their behalf.

No Medicare EHR Incentive Program payment may be paid unless this attestation form is completed and accepted as required by existing law and regulations (42 CFR 495.10).

NOTICE: Anyone who misrepresents or falsifies essential information to receive payment from Federal funds requested by this form may upon conviction be subject to fine and imprisonment under applicable Federal laws.

ROUTINE USE(S): Information from this Medicare EHR Incentive Program registration form and subsequently submitted information and documents may be given to the Internal Revenue Service, private collection agencies, and consumer reporting agencies in connection with recoupment of any overpayment made and to Congressional Offices in response to inquiries made at the request of the person to whom a record pertains. Appropriate disclosures may be made to other federal, state, local, foreign government agencies, private business entities, and individual providers of care, on matters relating to entitlement, fraud, program abuse, program integrity, and civil and criminal litigation related to the operation of the Medicare EHR Incentive Program.

DISCLOSURES: This program is an incentives program. Therefore, while submission of information for this program is voluntary, failure to provide necessary information will result in delay in an incentive payment or may result in denial of a Medicare EHR Incentive Program payment. Failure to furnish subsequently requested information or documents to support this attestation will result in the issuance of an overpayment demand letter followed by recoupment procedures.

It is mandatory that you tell us if you believe you have been overpaid under the Medicare EHR Incentive Program. The Patient Protection and Affordable Care Act, Section 6402, Section 1128J, provides penalties for withholding this information.

Summary of Measures

<u>Objective</u>	<u>Measure</u>	Reason	Entered	Accepted Rejected
Use CPOE for medication orders directly entered by any licensed healthcare professional who can enter orders into the medical record per state, local and professional guidelines.	More than 30% of all unique patients with at least one medication in their medication list admitted to the eligible hospital's or CAH's inpatient or emergency department (POS 21 or 23) have at least one medication order entered using CPOE.	This objective has been accepted and meets minimum standard.	100%	Accepted
Implement drug-drug and drug-allergy interaction checks	The eligible hospital or CAH has enabled this functionality for the entire EHR reporting period.	Objective does not meet minimum standards.	No	Rejected
Maintain an up-to-date problem list of current and active diagnoses.	More than 80% of all unique patients admitted to the eligible hospital's or CAH's inpatient or emergency department (POS 21 or 23) have at least one entry or an indication that no problems are known for the patient recorded as structured data.	Objective does not meet minimum standards.	80%	Rejected
Maintain active medication list.	More than 80% of all unique patients admitted to the eligible hospital's or CAH's inpatient or emergency department (POS 21 or 23) have at least one entry (or an indication that the patient is not currently prescribed any medication) recorded as structured data.	Objective does not meet minimum standards.	75%	Rejected
Maintain active medication allergy list.	More than 80% of all unique patients admitted to the eligible hospital's or CAH's inpatient or emergency department (POS 21 or 23) have at least one entry (or an indication that the patient has no known medication allergies) recorded as structured data.	Objective does not meet minimum standards.	75%	Rejected
Record all of the following demographics: Preferred language Gender Race Ethnicity Date of birth Date and preliminary cause of death in the event of mortality in the hospital or CAH	More than 50% of all unique patients seen by the EP or admitted to the eligible hospital's or CAH's inpatient or emergency department (POS 21 or 23) have demographics recorded as structured data.	Objective does not meet minimum standards.	10%	Rejected
Record and chart changes in vital signs: Height Weight Blood pressure Calculate and display body mass index (BMI). Plot and display growth charts for children 2-20 years, including BMI.	For more than 50% of all unique patients age 2 and over admitted to eligible hospital's or CAH's inpatient or emergency department (POS 21 or 23), height, weight and blood pressure are recorded as structure data.	This objective has been accepted and meets minimum standard.	100%	Accepted
Record smoking status for patients 13 years old or older	More than 50% of all unique patients 13 years old or older admitted to the eligible hospital's or CAH's inpatient or emergency department (POS 21 or 23) have smoking status recorded as structured data.	Objective does not meet minimum standards.	No	Rejected
Report hospital clinical quality measures to CMS or, in the case of Medicaid eligible hospitals, the States.	Provide aggregate numerator, denominator, and exclusions through attestation as discussed in section $\mathrm{II}(A)(3)$ of the final Rule.	This objective has been accepted and meets minimum standard.	Yes	Accepted
mplement one clinical decision support rule relevant to specialty or high clinical priority along with the ability to track compliance hat rule.	Implement one clinical decision support rule	Objective does not meet minimum standards.	No	Rejected
Provide patients with an electronic copy of their health information (including diagnostic test results, problem list, nedication lists, medication allergies), upon request.	More than 50% of all patients of the inpatient or emergency department of the eligible hospital or CAH (POS 21 or 23) who request an electronic copy of their health information are provided it within 3 business days.	Objective does not meet minimum standards.	No	Rejected
Provide patients with an electronic copy of their discharge instructions at time of discharge, upon request.	More than 50% of all patients who are discharged from an eligible hospital or CAH's inpatient department or emergency department (POS 21 or 23) and who request an electronic copy of their discharge instructions are provided it.	Objective does not meet minimum standards.	No	Rejected
rapability to exchange key clinical information (for example, roblem list, medication list, allergies, diagnostic test results), mong providers of care and patient authorized entities lectronically.	Performed at least one test of certified EHR technology's capacity to electronically exchange key clinical information	Objective does not meet minimum standards.	No	Rejected
rotect electronic health information created or maintained y the certified EHR technology through the implementation f appropriate technical capabilities.	Conduct or review a security risk analysis per 45 CFR 164.308 (a)(1) and implement security updates as necessary and correct identified security deficiencies as part of its risk management process.	Objective does not meet minimum standards.	No	Rejected
